

RATCHET REELS

These reels have been designed to offer both ratchet and free run functions. The required mode is selected by pulling and turning the sprung knob which is located at the bottom of the spool. Because of its unique design, the reels are **snag-free** and the tension of the spool run may also be adjusted to suit individual needs.

The reels are available in three sizes, 40mtr, 70mtr and 125mtr, with a choice of white, neon yellow or pink 2mm line with a breaking strain of 98kg.

The main body is manufactured from precision machined high grade black PVC and all other fittings are made from stainless steel.
