

STAINLESS STEEL BANDS

D - RING STAGE BANDS

The stage band comes complete with clip and D ring. This is mainly used for fixing to Tanks and adds an extra D ring for attaching equipment. Technical and cave divers normally use these bands for hooking up extra cylinders so they can carry them on their person. The standard size band fits comfortably round anything up to 15 litre tank; different sizes are available on request. All fixtures and fittings including bands are made from stainless steel.

TWINNING BANDS – 42mm width

The stainless steel bands are used to twin two tanks together. The bottom band of the set has two D rings attached, one either side. These two D rings give the diver additional points from which to mount equipment. The bands come in various sizes - we cater for 7/10/12/15/18 litre and other sizes on request. Bolt kits are supplied with the bands.. All materials are made from stainless steel.

TWINNING BANDS – 60mm width

These bands are 60mm width and have no D-rings. The bands are spot welded together then the joints are welded for extra strength. The bands come in various sizes - we cater for 7/10/12/15/18 litre and other sizes on request. Bolt kits are supplied with the bands.. All materials are made from stainless steel.

CDMF – M8 FEMALE MUSHROOM FITTINGS

This unique “Mushroom Fitting” is designed to allow flush fitting when mounting back-plates to twinning bands, and may be preferred as an alternative to wing nuts. Available separately, made from stainless steel.
