

TDB WINGS (with Tech Harness)

These wings systems are the product of two years detailed design evolution in consultation with users including the leading names in the technical diving field. The objection being the development of a unique system, offering a dramatic improvement on previous designs. The basic elements of the system are a single or twin bladder wing unit (300N/66lbs lift per bladder). A lattice of durable long life silicone bungee cord runs around the centre of the wing giving the user the most streamlined profile possible, and also aids in the deflation of the wing. The TDB is a low profile wing system with pull down remote exhaust valve. The back panel of the wing has webbing slots for single and twin tank mounting and back plate height adjustment holes. The backplate is available in stainless steel or aluminium and is multi-holed to allow any configuration.

The technical harness is one size, fully adjustable with adjustable D-Rings & Billy rings. The harness is fully adjustable from both shoulders with single or dual shoulder break points.

All units are delivered fully assembled and complete with shoulder covers, hose wrap sleeves, accessory pouch, Billy ring, crotch strap/scooter ring.

FEATURES

- Ⓞ One size, fully adjustable harness.
- Ⓞ Single or twin bladder systems available.
- Ⓞ Wing (Bladder Assembly) 300 N buoyancy capability per bladder.
- Ⓞ Stainless steel or Aluminium back plate, multi-holed to allow any configuration.
- Ⓞ Low profile wing system.
- Ⓞ Pull down remote exhaust valve.
- Ⓞ Silicon cord threading on wing to allow controlled inflation & deflation.
- Ⓞ Adjustable D-Rings & Billy rings.
- Ⓞ Harness fully adjustable from both shoulders.
- Ⓞ Webbing slots for single / twin tank mounting.
- Ⓞ Back plate height adjustment holes.
- Ⓞ Upgradeable single to twin system.
- Ⓞ Crutch strap and scooter ring.
- Ⓞ Single or dual shoulder break points.
- Ⓞ Complete systems are supplied dressed with inflator hose wrap, harness shoulder pads, accessory pouch, Billy rings, Crutch strap and scooter ring.
