

Zipped Hose Wrap Sleeve

The Custom Divers Zipped Hose Wrap Sleeve is ideal for inflator hose management. This sleeve fits over corrugated and LP inflation hoses to present a clean and snag reduced profile. The new sleeve now gives easy access to allow other equipment to be neatly stowed. Inside the top part of the sleeve is a elasticised Velcro adjustable stay, once this is fitted the sleeve will not slip down your hose, then simply lay in your accessories and zip up your sleeve. A zip tidy Velcro tag is also provided to protect the zip tag and ensures a non snag point.

The Zipped Hose Wrap Sleeve is constructed from a strong Cordura material which provides excellent durability even after numerous sea water immersions.

Each sleeve weighs 0.068kgs.
Approx dimensions:
45mm tube x 380mm length.
